Software approval request form

or explore more templates. This website uses cookies. By continuing to browse, you consent to our use of cookies, as explained in our Cookie Policy. OK Due to changes in requirements and policies, the software request procedure has changed. All software purchases and renewals, including internet software and/or downloads, must be approved through information services & technology (IS&T) and Business Affairs to make sure they meet state and federal requirements as well as safety guidelines. This includes free and website subscriptions. To request permission to purchase or download the software, please submit the software application form below. Software request form Please note that requests for new software may take 4 to 6 weeks due to licensing and purchasing requirements. If the software is required for installation on an academic computer, please submit your application within the following deadlines. Fall semester applications: July 1 Spring Semester Applications: November 1 Summer Semester Applications: March 1 Application for software by or before the deadlines above does not guarantee approval. Once the software request form is submitted, it will go through an automated workflow and approval process. Once approved, a solution center ticket is created and the user is notified. Apple app If the software is an Apple app that you want to use only on your iPad, you don't need to fill out the software request form. Fill out the Apple app application form below. Apple App Request Form Below you'll find information about the required software documentation. Voluntary product accessibility template (VPAT) software or site subscription providers must provide VPAT that demonstrates ada compatibility. This is required to meet section 508 of the rehabilitation law requirements as well as the university's contract with the Office of Civil Rights. The completed VPAT must be submitted when submitting the software application form. From the link below you can get an empty VPAT and instructions on how to complete the VPAT. Section 508 of the VPAT Template Contract, Licensing Agreement and/or Terms of Use requires an agreement, license agreement or terms and conditions and must be approved by the Office of the Vice President of Product Development. The University of Montevallo Agreement/Terms contains information regarding what the university cannot agree to and legal quotes. This document can be sent to vendors when you request terms or a license agreement. The agreement, license agreement, or terms must be submitted when you submit the software agreement form. You can access the document from the link below. Um Data Collected If the software collects confidential or confidential information, additional information may be required to ensure that the data are protected in accordance with the principles of data management. If the software collects academic data protected under FERPA, the FERPA FERPA Addendum required of the supplier. An empty form can be obtained from the link below. APPENDIX FERPA For the collection of other types of data, SSAE16 or equivalent may be required. Cost Software costs \$7,500 or more, requires a project acceptance form to submit, and may require more project-related documentation. Technician Hours software, which will require more than 40 hours of technician work, requires you to submit a project submission form and will require you to work with a senior project manager or other IS&T employees. T Projects. For advice on any IT purchases, please contact your IT support. If you need to purchase a faculty from a vendor outside the assortment, you need to fill out the form at the end of the page. Please provide as much information as possible; a full business argument for the application will be required for its approval. The form must be approved by the Deputy Director of User Services in computer services. Write to us. For more information, please refer to our Procurement Policy (2.1 - It Purchasing). Any costs incurred by a person outside this policy will not be reimbursed by the University. To download this file, you must be connected to the University of Bath network or logged in with your university username and password.
